### Data-Driven Instruction

- **3D2Know :: Data-Driven Decision Making**  
CoSN launched the Data-driven Decision Making Initiative: Vision to Know and Do building upon its role in providing key K–12 school district managers with the knowledge and skills necessary for effective leadership.  
  
<http://www.3d2know.org>
- **Data Quality Campaign (DQC)**  
A national, collaborative effort to encourage and support state policymakers to improve the collection, availability and use of high-quality education data and implement state longitudinal data systems to improve student achievement.  
  
<http://www.dataqualitycampaign.org>
- **Buried Treasure: Developing a Management Guide From Mountains of School Data**  
This report (in PDF format) provides a practical discussion of what is required to develop a school district "management guide," along with an actual guide built on evidence-based indicators.  
  
[http://www.crpe.org/pubs/pdf/BuriedTreasure\\_celio.pdf](http://www.crpe.org/pubs/pdf/BuriedTreasure_celio.pdf)
- **NCREL: School Improvement Through Data-Driven Decision Making**  
Designed to give educators—and others involved in using data in a classroom, school, or district—a variety of places to find resources, tools, and action steps to foster school improvement.  
  
<http://www.ncrel.org/datause/>
- **Statewide Longitudinal Data Systems Grant Program**  
This website acts as a resource for grantee and non-grantee states regarding the grant program, and the development of longitudinal data systems in general.
